**RESPONSE TO DEBTORS' SECOND OMNIBUS
 OBJECTION TO CLAIMS (NON-SUBSTANTIVE)**

On behalf of claimant, Douglas Kelley (Claim No. 00006092), his attorney, Tom L. Lewis of Lewis & Slovak, P.C., objects to Debtors' Second Omnibus Objection to Claims (Non-Substantive), dated July 21, 2003, and received August 7, 2003, on the basis of improper notice and further responds as follows:

1. Claimant's claim is with respect to asbestos contamination from a Grace product in or on the property.
2. Claimant's claim is based upon the findings of the U.S. Environmental Protection Agency in its Administrative Record and supplement, test results, and other documentation, as well as information obtained from other sources, including but not limited to local and national news reports, articles and meetings.
3. Claimant consented to the production and release of supporting documentation, in the possession of the U.S. Environmental Protection Agency, to Grace and Grace's representatives at the time of submission of claim in March, 2003.
4. Claimant has attached supporting documentation, which was not available at the time the proof of claim was filed.

**RESPONSE TO DEBTORS' SECOND OMNIBUS
 OBJECTION TO CLAIMS (NON-SUBSTANTIVE) - 1**

Respectfully submitted this 8th day of August, 2003.

ADDITIONAL INFORMATION (Note any partial access or sample collection issues)

① Wood stove is in a separate shed ("stove house", stove shed)
uses a duct to the house for duct heating

② Original structure on site was demolished in 1993, new house built by same owner/occupant (Doug Kelley) - Mr Kelley reports that original structure had zonolite insulation, new structure does not, (confirmed by DS). Owner reports some lumber from original structure was reused in the new house.

③ Area with visible vermiculite in south backyard (marked as base "Dirt Patch" on site sketch) - owner reports this is septic tank, soil is not fill, just reworked soil from the yard.
